Book Binding.

ould announce to our readers that made arrangements by which we are to receive all kinds of book work, and we are quite sure to give satisfaction.

—A very strong wind prevailed day, and the dust rose in great clouds from the river, where the sand had been by the late flood. At Brattleboro, the wind became so great on Sunday, that men at work there had to leave their business. . . . The Peak will no doubt give a rich treat at the man's Hall to-morrow evening. They are commencing everywhere they go. At Brattleboro a salute in honor of our news was fired immediately after receipt on Sunday. . . . Those who rent slips in the Baptist Church will be applying to B. H. Stone, . . . Gray & Swift's advertisement. . . . They are doing a large business. . . . Among the late Southway, we notice that Jeff Davis has appointed Robert Josselyn as Secretary of the Territory. This Josselyn, we believe is a Vermont, and has a brother in Plymouth, and another in Bridgeport. . . . We are informed that, in saying himself Dr. Manning, is the country pretending to do wonders, and fleeing people of their money. He stops but a short time in each place, but pretends he is going to stay several months. He was last in Jamaica, and is evidently a person against whom the public should be cautioned. . . . C. E. McDowell announces his new stock of goods this week, having just received one of the best stocks for clothing ever offered in this place. . . . O. F. Woods is agent for the sale of that spicy paper the *Louisville Journal*, and will furnish the same at his store, or elsewhere by mail if desired. . . . By reference under the proper head, it will be seen that Asa Wentworth, father of Col. Wentworth of this village, died at Fitchburg on Tuesday last week, at the advanced age of 96 years. . . . Two of the Vermont Cavalry were captured by the rebels last week. We have learned who they were. They were taken by guerrillas. . . . On Wednesday morning, last week, there was quite a storm on Ascutney Mountain. . . . The other day, while waiting at the Post Office in Cavendish, a negro on the stage was insulted by some boys, when he jumped out and gave them a slap in the face, and landing back again, exclaimed, "Sass a hell, will you!" The case must excite the attention of the Belknap Falls secessionists. Just think of a nigger bristling up for his rights against the "Caucasian," instead of lying down under the seat or some other place behind his master or mistress. . . . Major Tuttle of Cavendish, of the 6th Vermont, arrived at his home last week on a furlough in consequence of ill health. . . . Ira Sanford has bought the Tavern Stand at Jacksonville, and has fitted up the same in good style for public accommodation. Mr. Stafford is well and favorably known as a hotel keeper, and the traveler will find his house a pleasant and agreeable home. . . . Several communications, some of a local character, are crowded out this week. . . . The Belknap Falls boys of the New Hampshire 2d were in the battle of Williamsburgh, and all came out safe, except Jas. Stock, who was slightly wounded. Horace Sherwin has sent home to his sister a daguerotype of a good looking little boy which he found on the battle field, doubtless lost by some rebel, and is too good looking for the son of a rebel.

S. M. Pettengill & Co.'s advertising agency in New York has been removed from 119 Nassau Street to 37 Park Row. For many years we have done business with this firm both at their New York and Boston offices, for promptness, faithfulness and reliability they are unsurpassed. While so many bogus advertising agencies are springing up in the cities, whose chief object is to victimize and swindle the country press, it is gratifying to refer to a firm which sustains an unimpeachable character for honorable and prompt dealing. Such a firm is S. M. Pettengill & Co., and they are deserving the confidence of the advertising public. Their orders will be thankfully received at this office.

The above copy from the Montpelier *Watchman* in order to give it our unqualified endorsement. No agents ever have or could stand higher with the press. They are the agents for the *Times*, and their orders are always good at this office.

SAD ACCIDENT.—The Claremont (N. H.) *Advocate* says that a startling and fatal accident, showing how brittle is the thread of life, took place in that village on Friday last.

It appears that Mr. Ebenezer E. Bailey, after eating dinner with his family, went in to bed to adjust a spring for the removal of his children. Finding it necessary to remove a limb about twenty feet from the ground he ascended upon a ladder, and having cut off the limb, from some cause or other, he fell with it to the ground, striking directly upon his head. The blow killed

In Fitchburg, May 4, ASA WESTWORTH, Esq., father of Col. A. Wentworth, of this village, died at 96 years of age. He was born at Andover, N. H., in 1766, and died at Fitchburg, Mass., on May 4, 1862. He was the eldest son of the town, and was the father of the late Col. A. Wentworth, who was killed at the battle of Gettysburg in 1863. He was a member of the Fitchburg and Worcester district in Massachusetts, died at his residence in Fitchburg on Thursday of last week. His disease was consumption, from which he had been suffering for several years. He was 96 years of age. Mr. B. was formerly a resident of this village, and in 1843 was associated with Dr. S. M. Blake in the publication of the *Belknap Falls Gazette*. He afterwards entered the law office of Hon. Wm. C. Bradley at Westminster, as a student, and completed his professional studies with Wood & Torrey at Fitchburg, at which place he entered upon the practice of his profession. He was for several years member of the Massachusetts Legislature, where he served with marked ability on the Judiciary Committee of the Senate, and was in 1850 elected member of Congress. He was a man modest and unassuming demeanor, and was held in high esteem by all who knew him for his genial social qualities, and as a gentleman and a citizen. As a legislator his position always stood high, though declining health prevented him from active participation in the proceedings of Congress.

PEAK FAMILY BELL RINGERS.—This talented troupe of Vocalists and Bell Ringers, that have excited the musical world for the past seventeen years are to favor our townspeople with one of their chaste and novel entertainments at Wigham's Hall, on Friday evening, May 16th. This is the only company of Bell Ringers now traveling in connection with the Peaks. We notice the name of Jean F. Spaulding, solo violinist, whose name ranks among the first in the profession; also the names of W. A. Field, harpist; and A. H. Fernald, pianist. We expect a rich treat. Go early.

CASES OF DEAFNESS CURED.—In *Watson's Daily Journal*, and the *New York Times*, we find the following cases mentioned of having their hearing restored:—From *Lighthill's Daily Journal*, (Montpelier) May 7th.

Dr. Lighthill arrived at the Pavilion last Saturday night. Mr. Lewis Joslyn, of East Hardwick, who is 64 years of age, and has been deaf twenty years, has been restored to his hearing by Dr. Lighthill.

From the *New York Times*, January 11, 1862.

Dogfear Cured.—Mr. Dardolomew Potter, of Monson, Hampden County, Mass., an old gentleman, 83 years of age, who is now on a visit to friends in this city, suffered under the affliction of deafness for fifty years, without any cessation or change. A son of this gentleman, Mr. D. F. Potter, labored under the same malady, and therefore was placed under the treatment of Dr. Lighthill, of this city, who completely restored his hearing. The father followed the example of the son, and the same good but more remarkable result ensued, and he now hears as well as any man. This we regard as an achievement of medical skill worthy of mention.

The Woodstock papers state that Dr. Lighthill is going to be at Henry's Hotel, Woodstock, on the 19th of May, and intends remaining there until the 31st of May.

Jeff Davis's fugitive coachman, whose narrative has been printed, is a pure African, black as midnight. He can read and write, and talks as well as a member of Congress. After examination and cross-examination by Gens. McDowell and King, and several newspaper correspondents, not a flaw could be detected in his story. He is now employed as a body servant to Gen. McDowell. He says Jeff Davis, since the battle of Shiloh, has been pale and haggard, and talks but little. When he does open his lips, it is but to curse and blame his generals. He adds that Davis remarked after the battle of Shiloh that he planned advanced movements, but his generals executed retreats.

The total debt incurred in the prosecution of the war up to May 10th, is \$324,000,000, instead of a thousand millions, as Valandigham's address falsely and maliciously asserts.

Prince Napoleon, in a private letter recently received at Washington, expresses his gratification at the victories of the Union armies, says that he is pleased to have foreseen months ago that the United States would finally put down the rebellion, and adds a wish that its overthrow may prove the death-blow to slavery on the American continent.
